

# KR 881 Heat Mate

## *The affordable drying system for water and solvent based inks*

Who wants to spend a fortune on a drying system? After all, investing in an inkjet printing system isn't cheap. Now you have a choice. The KR 881 Heat Mate is the **economical solution** the mailing industry is turning to for drying water and solvent based inks. Energy efficient and a cost effective design combine to make the KR 881 one **red-hot bargain**. Lower operating costs and faster line speeds means the KR 881 helps you get more value out of your existing inkjet system.

*Specially designed bulbs reduce glare and direct most infrared energy towards the ink pattern. This means lower power settings can be used, reducing energy consumption and extending bulb life.*

*Designed and built to interface with KR equipment, the KR 881 can also be used with other major brands.*

*Add an additional KR 881 for drying two separate Ink patterns or one wide pattern.*

# KR 881 Heat Mate

## General Specifications

### Physical

Length	24"
Bulb Length	16" and 10"
Width	6"
Height	12"

### Electrical Requirements

	# Of bulbs	Wattage	Voltage	Amp	Hz
KR 881-1	2	3200	220 VAC	15	60
KR 881-2	2	4800	220 VAC	22	60
KR 881-3	3	6000	220 VAC	28	60
KR 881-4	3	3000	220 VAC	15	60
KR 881-5	3	9000	220 VAC	41	60

### Dryer Mount Stand

Vertical adjustment	18"
Horizontal adjustment	12"

### Features and Benefits

- ⊕ Designed and built to **interface with Kirk-Rudy equipment**, the KR 881 can also be used with most other major brands of equipment.
- ⊕ **Lower capital and operating cost.** The KR 881 is equipped with bulbs that direct most infrared energy towards the ink. This efficiency gain allows the dryer to operate at a lower setting, **saving on electrical consumption and extending bulb life.**
- ⊕ Interconnects with transport base so the dryer only runs when the transport base is running.
- ⊕ Automatic temperature control is based on line speed. Dryer output automatically adjusts for speed changes.
- ⊕ Ruby coated bulbs **reduce glare** and improve work area safety by increasing visibility in and around the dryer.
- ⊕ Upgrade as needed. As your needs change, so can the capabilities of the KR881.
- ⊕ Engineered for ease of setup, maintenance and troubleshooting.
