Specialty Packaging Series Streamfeeder
# LX-20 Wide Products Feeder

CE

Overview

The new LX-20 is packed with unique features that make it the best value in the marketplace today for feeding products up to 20" wide! Tool-less, quick make ready adjustments and versatility makes this the perfect wide products packaging feeder for operations pursuing increased productivity at an affordable price.

Feed a wide variety of flat and multi-thickness products into shrink wrappers, poly baggers, banders, collators, case packers, boxes, and more. Operates on-demand one at a time or in batch sets up to 99 pieces.

Standard Features

Repositionable feed belts • Independent side guide positioning • Extended guide rails into the discharge to keep products traveling straight • Two independent separators that can be easily repositioned throughout the width of the feeder and positioned on or off the belt for product separation • Tool-less discharge angle adjustment • Self-adjusting discharge hold down • Variable speed control • Batch counting capabilities • Miss-detect fault output • Timeout stop • High performance photo sensors • Two-wire host interface

Two independent separators can easily be moved
